Subject: The Great California ShakeOut

At State Farm, we care about the safety of our associates and their families. As such, we are committed to periodically practicing to be better prepared for earthquakes.

On October 15, 2009, at 10:15 a.m., 4,500 State Farm associates, along with millions of Californians, will participate in The Great California ShakeOut drill. Through this simple exercise to "Drop, Cover and Hold On," we will practice how to protect ourselves during earthquakes. It is important to be prepared at work, school and home, because we never know when the next earthquake may strike. The Great California ShakeOut will continue to be held annually on the third Thursday of October, and is our opportunity to make our communities safer.

Please consider joining us as we participate in The Great California ShakeOut on October 15. Together, we will be better prepared when disaster strikes.

Sincerely,

A handwritten signature in black ink that reads "Kevin Stockton".

Kevin Stockton
