

WEST COAST

Shake Out

THIS IS A
DRILL ...
REPEAT ... THIS
IS A DRILL

FRIDAY 18 SEPTEMBER

10.10AM

Average time between each of the last 5 earthquakes = 200 years

Time since last earthquake = 292 years

Be part of the West Coast earthquake drill, and see why and how you should be ready for 'the big one'

At 10.10am on Friday 18 September
the whole of the West Coast will be rocked by
a magnitude 8.2 earthquake
Sign up to be part of the drill
