To All Residents and Visitors of the Great State of Utah

Emergency preparedness at the individual, school, and organizational level is essential to maintain the lifestyles and livelihoods enjoyed in the great State of Utah. Utah features the best of both the Rocky Mountains and the Desert Southwest, which not only reminds us that Utah's way of life is good and worth preserving – it also reflects the impacts of what threatens Utah's safety on a daily basis, that of fires, floods, and earthquakes.

By participating in "**The Great Utah ShakeOut**," you will have the unique opportunity to participate with Federal, State and local partners including emergency managers, scientists, and community leaders to develop your own preparedness strategy, and learn how to prepare, protect and recover from any disaster - including an inevitable catastrophic earthquake.

Join us today by registering at www.shakeout.org/utah to participate in "The Great Utah ShakeOut," scheduled for April 17, 2012, at 10:15 am (MST). Together, we can work to successfully protect ourselves, our families and our neighbors.

Sincerely,

A handwritten signature in cursive script that reads "Robin Finegan".

Robin Finegan
Regional Administrator
