The Great Utah ShakeOut

Statewide Earthquake Drill

Businesses

Get Ready to ShakeOut!

At 10:15 a.m. on April 17, 2012, hundreds of thousands of Utahns will “Drop, Cover, and Hold On” in The Great Utah ShakeOut, our largest earthquake drill ever! All businesses are encouraged to participate in the drill (or plan a more extensive exercise) and to inform the public about the drill.

Major earthquakes may happen anywhere you work, live, or travel in Utah. The ShakeOut is our chance to practice how to protect ourselves, and for everyone to become prepared. The goal is to prevent a major earthquake from becoming a catastrophe for you, your organization, and your community.

Why is a “Drop, Cover, and Hold On” drill important? As with anything, to act quickly you must practice often. You may only have seconds to protect yourself in an earthquake before strong shaking knocks you down, or something falls on you.

Millions of people across the country have participated in ShakeOut drills since 2008. Utahns will join the activity in 2012 as part of a statewide earthquake response exercise.

Everyone can participate! Individuals, families, businesses, schools, colleges, government agencies and organizations are all invited to register.
