

The Great Utah ShakeOut

Statewide Earthquake Drill

Communication Groups Get Ready to ShakeOut!

Register today at ShakeOut.org/utah

At 10:15 a.m. on April 17, 2012, hundreds of thousands of Utahns will “Drop, Cover, and Hold On” in The Great Utah ShakeOut, our largest earthquake drill ever! All Communication Groups are encouraged to participate in the drill (or plan a more extensive exercise).

Major earthquakes may happen anywhere you work, live, or travel in Utah. The ShakeOut is our chance to practice how to protect ourselves, and for everyone to become prepared. The goal is to prevent a major earthquake from becoming a catastrophe for you, your family, and your community.

Why is a “Drop, Cover, and Hold On” drill important? As with anything, to act quickly you must practice often. You may only have

seconds to protect yourself in an earthquake before strong shaking knocks you down, or something falls on you.

Millions of people across the country have participated in ShakeOut drills since 2008. Utahns will join the activity in 2012 as part of a statewide earthquake response exercise.

Everyone can participate! Individuals, families, businesses, schools, colleges, government agencies and organizations are all invited to register.
