

Throughout the COVID-19 pandemic, we have had to make many adaptations for home, work, and school - *all while learning a lot*. As you plan for ShakeOut this year, consider: When was the last time you checked on your disaster supplies? Have you “Secured Your Space” to prevent damage and injury? What changes are there to your emergency plans and contacts? ShakeOut organizers are here to help you (and everyone, everywhere) successfully participate again this year: **ShakeOut.org/covid19**.

Considerations:

- **Where will your drill be?**
In-person, remote, or both?
Consider video conferencing and using drill leader presentations at **ShakeOut.org/covid19**.
- **Choose your own date** (or even *multiple* dates). Most may still participate on International ShakeOut Day (10/21 this year).
- **Follow local health and safety guidelines.**

...What Else?

- Follow the **Seven Steps to Earthquake Safety** to protect your family, workplace, property, and way of life ahead of the next big earthquake: **bit.ly/7stepsECA**.
- For tools and tips to lead and support ShakeOut online or in-person, visit **ShakeOut.org/covid19**.
- Prepare for **other hazards** near you, such as extreme weather, fires, floods, tsunamis, landslides, and volcanic eruptions.
