You can be more prepared for earthquakes and other hazards in 3 easy steps:

You can be more prepared for earthquakes and other hazards in 3 easy steps:

Learn your Hazards: Earthquakes and many other hazards can happen in Washington including severe weather, tsunamis, flooding, civil unrest, volcanic eruptions, and more.

Make Plans: With your family, and at work or school, decide on local and distant meeting locations. Choose an out-of-area contact who can relay messages in an emergency. Make sure you're signed up for multiple ways to receive emergency alerts.

Build Kits: Be 2 weeks ready! Have 2 weeks of supplies at home and smaller kits in your vehicle and at work/school. Everyone needs a go-bag, including pets!
